

"P" 14 (2022)

"M" 14 (2022)

Albany, New York

October 21, 2022

TO: All Enforcement Agencies and Magistrates

SUBJECT: New Inspection Certificates

Starting in November 2022, the Department of Motor Vehicles will begin to transition to print-on-demand inspection certificates. The transition is expected to be complete by the end of 2023.

The new print-on-demand inspections stickers, which will be printed at inspection stations and will include vehicle specific information, will have a different appearance than the inspection stickers that are currently issued. The sticker color will continue to change based on the expiration year. These are examples of the new stickers:

Windshield Sticker

External Sticker

While the previous stickers are being phased out, you may continue to see valid inspection stickers in the previous sticker design until the end of 2024. We will notify you when the transition is complete.

Please share this information with appropriate staff. Thank you.

Mark J.F. Schroeder
Commissioner
