SUBJECT: Correction to "P" 18/"M" 12 Memo - Redesigned New York State Driver
Licenses, Permits and Non-Driver Identification Cards

Recently we distributed the above memo mentioning truncated restrictions on the redesigned New York State driver licenses, permits and non-driver identification (NYS DL/ID) cards.

The description for Restriction Code A3 was incorrect. It will appear as follows on the redesigned NYS DL/ID cards:

A3 - Med Cert Exempt

Please share this information with appropriate staff, including all road patrol enforcement. Thank you.
