Commissioner

"P" 23 (2012)

Albany, New York

TO: All Enforcement Agencies

SUBJECT: IRP Updates Regarding Oregon and Indiana

## Oregon

The Motor Carrier Transportation Division of the Oregon Department of Transportation is requesting that each jurisdiction delay enforcement of registration through March 15, 2013 for Oregon apportioned trucks and buses with 2012 expiration stickers displayed on their Oregon DOT plates.

If you have any questions, please call Laurie Hall at (503)378-2082.

## Indiana

Indiana's cab cards and 45-Day Temporary Permit have been redesigned to include a barcode, a phone number for Indiana's Voice Response Unit, and an enforcement control number. The bar code contains information regarding the motor carrier responsible for safety and the weights for each jurisdiction the carrier is registered with. The cab card for trailers includes the Voice Response Unit phone number and an enforcement control number, but does not include a barcode or the motor carrier responsible for safety. Samples of the redesigned cab cards are attached.

There will be a mix of valid cab cards in the previous format and in the new format while the new format is phased in. Because Indiana uses a staggered registration process for apportioned vehicles, please delay enforcement of registration through December 31, 2013 for valid cab cards that do not have the new design with the bar code.

If you have any questions, please contact Indiana's Motor Carrier Services Division at (317) 615-7257.

Please share this information with appropriate staff, including all road patrol enforcement. Thank you.

Commissioner
