TO: All Enforcement Agencies

SUBJECT: IRP Update Regarding Prince Edward Island

On September 20, 2013, Prince Edward Island began issuing new apportioned plates. The letters PRP and the sticker with the month and year of expiration are in the upper right corner. A sample is attached.

The new plate series will be phased in over the next twelve months as apportioned registrations are renewed and replacement plates are issued. As with previous plates issued by Prince Edward Island, there will be only one plate issued to each apportioned vehicle.

If you have any questions, please contact Cyndie Cunneyworth at (902) 368-5202 or at cfcunneyworth@gov.pe.ca.

Please share this information with appropriate staff, including all road patrol enforcement. Thank you.
