SUBJECT: New York State Registration Documents and Stickers

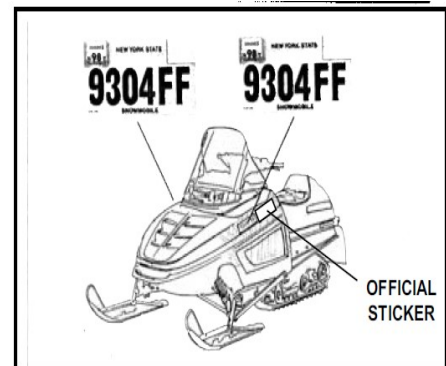

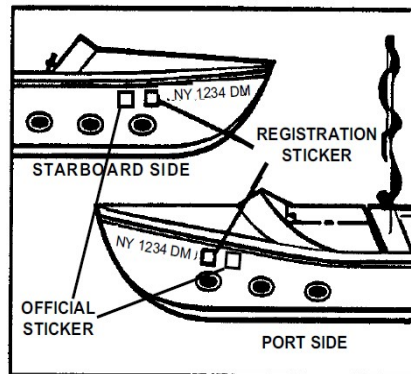

Identification of State-owned Vehicles, Boats, and Snowmobiles

New “Official Use Only” registration stickers are being issued to motorcycles, ATVs, boats, and snowmobiles that are owned by New York State agencies and are used only for official business purposes. The stickers are issued with original registrations and when registrations are renewed.

The sticker issued to motorcycles and ATVs will be affixed vertically or horizontally to the right of the plate number.

The stickers issued to boats and snowmobiles will be affixed next to the registration sticker on each side of the hull or cowl.

### Registration Certificate and Windshield Sticker

An underscore has been added under the first character of the 8-character document number located at the top of the windshield sticker and on the registration certificate. The underscore, which is not always visible, is used to properly align the document number when it prints on the windshield sticker and registration certificate. The presence or absence of the underscore does not affect the validity of the registration.
