Emergency Declarations

States continue to issue emergency declarations in response to severe weather conditions. You can find information about the many declarations at www.irponline.org (select "Publications" then "Notifications"), at www.fmcsa.dot.gov, and on each state's website. Also, you can find information about International Fuel Tax Agreement waivers at www.iftach.org.

Delaware - Redesigned Cab Cards

Delaware will start issuing redesigned cab cards on February 24, 2014. The new cab card is printed in black ink on white 8 ½" X 11" card stock paper. The state seal is printed at the top center. A bar code is located in the lower left corner and the sticker showing the expiration year is affixed on the lower right corner. A sample is attached for reference.

There will be a mix of valid Delaware IRP credentials in the current format and in the new format while the new IRP documents are phased in over the next 12 months. If you have any questions, please contact Robyn Bose at (302) 744-2720.

Georgia - Registration Extensions

Due to the recent State of Emergency in Georgia, the Georgia Department of Revenue Motor Vehicle Division is requesting that each jurisdiction delay enforcement of apportioned registrations with a January 2014 expiration until March 01, 2014 and apportioned registrations with a February 2014 expiration until March 15, 2014. If you have any questions, please contact the Georgia Motor Vehicle Division at 1-855-406-5221.

Please share this information with appropriate staff, including all road patrol enforcement. Thank you.
