TO: All Enforcement Agencies

SUBJECT: IRP Update - Redesigned Montana Cab Card

On May 24, 2016, Montana began issuing a newly designed cab card for apportioned vehicles. The new cab card is printed on 8 1/2” X 11” paper and includes a watermark of Montana’s state seal in the center. The previous cab cards are valid until June 30th 2017.

A sample of the new cab card is attached. If you have any questions, please contact the Montana Motor Carriers Services Division at (406) 444-2998 or by email at mdtmcsirpcontact@mt.gov.

Please share this information with appropriate staff. Thank you.

Montana Overlength Permit Restrictions

Must comply with all laws and Administrative Rules of Montana 18.8.101 thru 18.8.1101

Continuous travel allowed during the hours of darkness, weekends, holidays, and on red route highways. Lights must be displayed the full length and width of load. Extreme caution in the operation of the motor vehicle shall be exercised when hazardous conditions such as snow, ice, sleet, fog, mist, rain, dust or smoke adversely affect visibility or traction. Speed shall be reduced when such conditions exist. The driver of any vehicle equipped with vehicular hazard warning lights may activate such lights whenever necessary to warn the operators of the following vehicles of the presence of a traffic hazard ahead of the signaling vehicle, or to warn the operators of other vehicles that the signaling vehicle may itself constitute a traffic hazard. When conditions become sufficiently dangerous, the company or the operators shall discontinue operations, and operations shall not be resumed until the vehicle can be safely operated. No travel is allowed when a route has been placed under severe driving conditions as determined by the Department of Transportation. The Department of Transportation road report is available 24 hours a day by calling Montana 511 or by calling (800) 226-7623. The road report can also be found on the MT Department of Transportation internet site at www.mdt.mt.gov. The total responsibility for protection of the public using the highway shall be assumed by the permittee.
