TO: All Enforcement Agencies and Magistrates

SUBJECT: Update to “P” 2, “M” 3 – Changes to the New York State Driver Licenses and Non-Driver Identification Cards

Recently we distributed the above referenced memo concerning new features on the driver license and non-driver identification cards.

In addition to the changes to the license document noted in the prior memo, there are also changes to the barcode. For TRACS users, software updates needed to read the new barcode are being pushed out to enforcement agencies by the New York State Police at this time. If you experience issues reading the new barcode, process the driver license manually. If you have any questions, please contact the DMV Division of Field Investigation at 518-474-1106.

Please share this information with appropriate staff, including all road patrol enforcement.

Thank you.
